

PLUNGE

THE NEW WAY TO POOL

Introduction

The new way to pool

Meet Plunge+ – The new way to pool!

David and Robert Hobaica, second generation owners of Easton Pool & Spa, Inc., a Pool and Spa News Top 50 Builder, have built on the legacy of their father and company founder, Henry Hobaica and developed the world's strongest, most customizable precast plunge pool. The patent-pending, modular construction process cuts down on the install time with minimal disruption to your yard so you get to enjoy the benefits of your new pool even sooner!

Why Plunge+?

Plunge+ is the new way to pool. It's the perfect fit that transforms your backyard in a way you never thought possible.

Plunge+ easily maneuvers tricky backyards and challenging installs. It's elegant and effortless, made with premium materials designed for simple upkeep, extended seasons and to withstand the test of time.

Choose the size that's for you!

With three sizes to choose from, there's guaranteed a size for you! Our Cape+ is currently the largest precast pool on the market. Each Plunge+ is 52" deep and holds 48" of water- the perfect depth! Included in the standard package is a skimmer, LED light, a bench with three entry steps, and a Diamond Brite® plaster finish. Consider adding items from our list of upgrades to further personalize your pool to fit your needs!

The Nantucket

7' x 13'

The Vineyard

9' x 16'

The Cape

9' x 21'

The Cape+

9' x 21'
with hot tub

Design

Our patent-pending design allows us to build the largest, most customizable precast plunge pool available. Each Plunge+ is manufactured in a state-of-the-art NPCA-Certified facility to exacting standards. And our unique design allows us to offer nearly every custom feature that is available in our larger, more traditional pools.

Installation

Fast installation, done right! Our streamlined process allows for the quickest installation time in the business. And unlike other plunge pool manufacturers, Plunge+ is sold and installed through our extensive network of Authorized Dealers. Our project managers and seasoned installers will help make the process fun and smooth without any unnecessary delays.

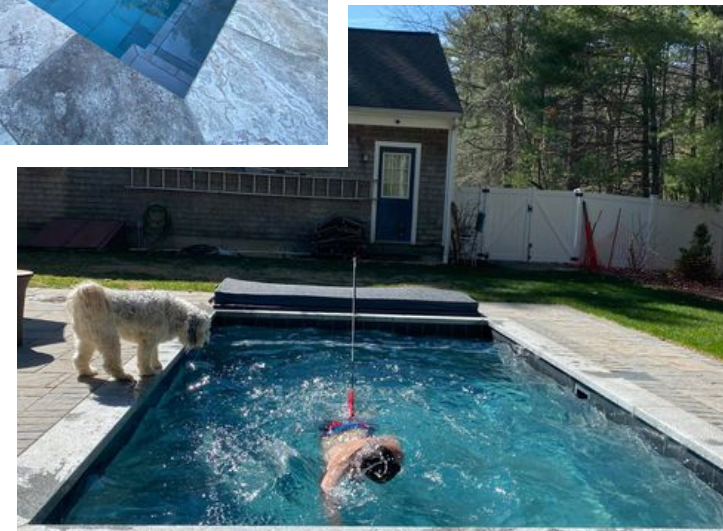

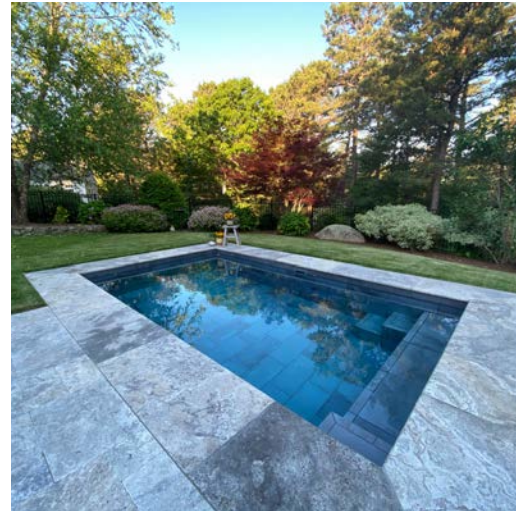

Upgrades

Available Upgrades

We currently offer the widest range of upgrades to personalize your Plunge+ to ensure your pool is everything you want.

- Tanning ledge (Cape+ ONLY)
- Raised pool with stone veneer
- Winter insulation package
- Hayward gas heater
- Hayward wireless controls
- Additional bench
- Coverstar automatic cover
- Removable floating cover
- ASTM locking cover
- Winter safety cover
- Volt rechargeable vacuum
- Tile or Plaster interior
- Swim tether

Service

Did we mention that the parent company of Plunge+, Easton Pool & Spa, has been in the business of building concrete pools for nearly 50 years? Our relentless focus on customer service has been passed on to each and every Authorized Dealer. You can rest assured that your pool project is in the best hands possible. Our Authorized Dealers will be there for you if/when you need service – no need to find a third party to do the work.
